

## **nferNelson PRACTICE PAPERS TESTS FOR 11+ PREPARATION**

NFER-NELSON publishes tests used in the admissions procedure by Torquay Boys' Grammar School. We are therefore in a unique position to provide authentic materials to help your child prepare.

In particular, nferNelson Practice Papers provide:

- **Genuine difficulty**

*Most alternative tests are simply too easy, and do not reflect the difficulty of the questions used in the real tests*

- **Authentic design**

*Question design, practice items, written and oral instructions are all just as your child will encounter in the real tests*

- **Appropriate answer format and coverage**

*Please note that whereas both the VR and Maths sample practice papers are multiple choice, only the Verbal Reasoning entrance test for Torquay Boys' Grammar School is in the multiple choice format. The Maths entrance test is not multiple choice.*

*The most appropriate packs from the range of nferNelson Practice Papers are as follows:*
