

TBGS MULTI-ACADEMY TRUST

Students in the bay deserve the best – working together, we can make that our promise.

- ◆ Let's work together to ensure every student achieves the best possible outcomes.
- ◆ Let's cooperate to give pupils great experiences.
- ◆ Let's share expertise to become outstanding practitioners.
- ◆ Together, let's ensure that all our pupils enjoy the very best care.

English

English

- ◆ Would you like to work with staff together on the basics of grammar and then proceed to advanced grammar?
- ◆ Let's explore 10 ways to access Shakespeare.
- ◆ Let's collaborate in Drama games for learning.
- ◆ How about using Handycams and editing films with pupils?
- ◆ Can we collaborate and lead developments on talking for writing?
- ◆ Level 5/6 writing is on offer.

Mathematics

- ◆ Join us for Inset support sessions for primary teachers throughout this year.
- ◆ Let's focus on how to stretch the most able, including developing deeper understanding of Level 5 and then moving to Level 6.
- ◆ Join us too for a workshop enrichment day for all pupils who would like to come.
- ◆ Please participate with us in the primary team challenge in the summer term.

Mathematics

TBGS

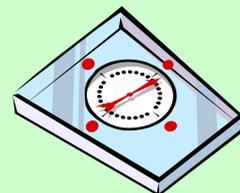

Let us work with you on a new model of Education for students in Torbay.

Geography

Geography

- ◆ Discover GIS-related computer mapping and map skills and enjoy orienteering with the Geography department.

Philosophy & Ethics

- ◆ Let's engage in thinking skills and skills in philosophical enquiry with all the subsequent cross-curricular opportunities. Sessions both for teachers and students.

Philosophy & Ethics

History

History

- ◆ WWI centenary: sessions to uncover the realities of trench warfare available for pupils.
- ◆ We can also offer mystery investigations, on a topic to suit your curriculum, to develop pupils' skills of source enquiry and historical explanation.
- ◆ For teachers: we can offer support in covering the new curriculum's requirement to embed skills of 'historical enquiry' into your history programme.

Modern Foreign Languages

Modern Foreign Languages

- ◆ Primary teachers, please join with us to work on French skills in the classroom.
- ◆ Primary teachers, please join us too to enhance your Spanish skills.
- ◆ Let's have whole region participation in the Network for Languages workshop for primary teachers in the spring.
- ◆ Would you like our language assistants to do work in your schools in Spanish, French, German or Chinese?
- ◆ Our Chinese assistant offers you one-off language sessions and consecutive sessions over a 3-week period.
- ◆ Our IB students would love to do their Community Action Service project, offering language sessions in your primary schools.

Bonjour

Hola

Guten Tag

你好

Science

STEM

Students can discover the basics of computer programming and coding through the use of Scratch and Human Computer. Teachers can be given support in using equipment they may already have in school.

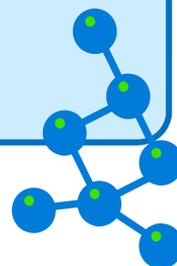

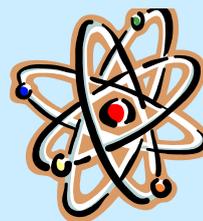

KS2 Science

Living Things, Physical Processes and Materials

Workshops focusing on ...

- Engaging teacher demonstrations.
- Effective practical work for pupils.
- Key learning objectives and the links to Key Stage 3.

Major misconceptions - diagnosis, avoidance and remediation.

Biology

Chemistry

Physics

Biology

Looking at the revised KS1 and 2 program of study, the Biology department will be able to offer the following opportunities to support teaching and provide enrichment activities.

♦ **Humans and other animals:**

Inset on food testing and incorporating the Sc1 investigative approaches requirements.

Inset on the use of animal tissues to demonstrate heart and lungs with the possibility of staff leading dissections in primaries at TBGS.

Inset and subsequent equipment loans e.g. Heart rate monitors, reproductive system models etc. for a number of topics

♦ **Green plants:**

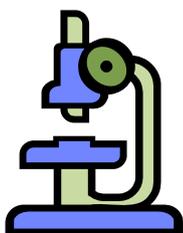

Inset on photosynthesis experiments and incorporating the Sc1 investigative approaches with the potential for loaning equipment or staff leading practicals in primaries or at TBGS

♦ **Variation and classification:**

Inset on sampling techniques applicable to school playing fields with the potential for loaning equipment or staff leading practicals in primaries or at TBGS

♦ **Micro-organisms:**

Inset on the safe use of microbes in schools with the potential for loaning equipment or staff leading practicals in primaries or at TBGS. This in particular would be a great opportunity for primaries to experience an aspect of Biology they would not normally be able to access.

TBGS MULTI-ACADEMY TRUST

The MATCHES partnership is already up & running (but keen to grow/develop). At present we are offering:

For staff:

- ◆ Twilight training (for non-specialists) across a range of areas
- ◆ INSET CPD courses in various activities
- ◆ OFSTED ready advice & guidance
- ◆ Notification of government funding pots available
- ◆ MATCHES staff leading sessions with primary school pupils as 'model' lessons
- ◆ Marjon students in 1 day a week to support the delivery of PE within primary school
- ◆ Young leaders (Year 10, 11 & sixth form) in schools delivering a wider range of clubs/experiences
- ◆ Specialist advice on facility development/equipment purchases
- ◆ Specialist advice/guidance on curriculum planning
- ◆ A network/directory of coaches that can support PE & sports' delivery in school

For pupils:

- ◆ Festival opportunities for participation
- ◆ Gifted & talented workshops
- ◆ Marjon students in 1 day a week to support the delivery of PE & improve opportunities
- ◆ Young leaders (Year 10, 11 & sixth form) in schools delivering a wider range of clubs/experiences
- ◆ A mentoring programme for young athletes related to time management/injuries/training etc.
- ◆ Access to better facilities
- ◆ 'Signposting' to external clubs where they can continue to develop their skills and enjoyment.
