The essence of what we do is summarised in our mission statement which says that the purpose of Torquay Boys' Grammar School is:

- To enable students to enjoy learning for its own sake, to develop their creative talents and to fulfil their intellectual potential.
- To provide individuals with the skills to respond to a changing world with confidence and humility.
- To encourage each person to be reflective, open-minded and principled, so that they can make a positive contribution to their community and the wider world.

***'Learning Together -
Succeeding Together'***

Underpinning this mission are three key values of Excellence, Integrity and Leadership:

- **EXCELLENCE:** Striving to achieve the best in all that we do, valuing the acquisition of knowledge and enjoying learning for the intellectual challenge.
- **INTEGRITY:** Doing the right thing, respect for oneself, others and the environment, utilising knowledge and understanding wisely; TBGS students are principled and support each other in the quest for excellence.
- **LEADERSHIP:** A dynamic sense of purpose, dedicated to working with and for others.
